The following is a list of MYCS services and contact information that you may find useful to print and leave in a handy place:

**Enhanced Clinical Service Coordination**
412-675-8525
335 Shaw Ave., McKeesport, PA 15132
Enhanced Clinical Service Coordination (ECSC) takes a team approach to serving Allegheny HealthChoices eligible members with serious mental illness who are at risk of long-term hospitalization. The ECSC team is comprised of a master’s level mental health professional, two case managers, a registered nurse and peer support. Services are provided in the community.

**Outpatient Drug & Alcohol Center For Substance Abuse**
412-675-8516
335 Shaw Ave., McKeesport, PA 15132
This program offers clinical evaluations, Outpatient, and Intensive Outpatient Service to those affected by chemical dependence and mental health disorders. The primary treatment vehicles are group and individual therapy. These services are augmented with psychiatric monitoring, case management and other supportive services. A powerful tool in building a lifestyle of recovery is sharing the journey with others. This practice is offered in the form of therapeutic and psycho-educational groups in morning and evening sessions. In addition, individual therapy is scheduled on a bi-weekly basis to assist clients.

**Recovery Support Services**
412-675-8516
335 Shaw Ave., McKeesport, PA 15132
At MYCS, we’re committed to meeting the needs of each individual. To meet the unique needs of our diverse community, we’ve developed the following specialized programs for Drug and Alcohol intervention:

- **Healthcare for the Homeless**
  Healthcare for the Homeless provides homeless persons with access to medical and D&A treatment services, referrals and transportation to detoxification, inpatient, and mental health treatment, as well as healthcare and dental prescriptions.

- **Allegheny County TASC**
  Individuals enrolled in TASC are tracked throughout their involvement in substance abuse treatment, and their progress is routinely reported to the criminal justice system. The Treatment Alternatives for a Safer Community (TASC) Program recognizes the links between substance and criminal behavior.

- **DUI Program**
  412-675-8511
  606 Locust St., McKeesport, PA 15132
  We’ve specialized in DUI education and treatment service for over 20 years. Currently, we offer: First-time offender education classes and treatment groups; Multiple-offender education classes and treatment groups, and Multiple-offender electronic monitoring and treatment groups

- **Underage Drinking Program**
  412-675-8511
  606 Locust St., McKeesport, PA 15132
  This program is for persons under age 21 who have been charged with a drug and/or alcohol violation. We work with local magistrates to provide a possible alternative to fines, license suspension, and court costs. We offer formal assessments and an 8-hour class on the personal and legal effects of underage drinking.
Rehabilitation Programs

Resource Center
412-672-4780
236 Fifth Ave., McKeesport, PA 15132
The following services are provided for Allegheny county residents 18 or older who have difficulty in areas of vocational, social, educational or living or have a current behavioral health diagnosis.

- **Social Rehab:**
  Offers individualized person-centered goal planning; promotes and engages individuals in the recovery process, and recreational and enrichment activities, including an organized sports league, social outings, art groups, greenhouse work and computer classes.

- **Psych Rehab:**
  Provides assistance in choosing, achieving, and maintaining a goal; skill building and supports necessary to develop a career, return to work, increase education, live independently and make and keep healthy relationships, and skills and supports developed through activities.

- **Supported Employment:**
  Offers career planning and job placement assistance according to consumer preferences and strengths; job search and development in the community; resume development and interviewing skills, and job coaching.

Vocational Support Services
412-672-3400
500 Market St., McKeesport, PA 15132

- **Opportunities Unlimited**
  Guidance for individuals with intellectual and developmental disabilities in prevocational training, personal care skills, social and community skills and homemaking abilities.

- **Vocational Business Alliance (VBA)**
  Vocational Rehabilitation Services offer paid training opportunities in different career areas, such as janitorial cleaning services, restaurant food services and bulk mail subcontracts. Vocational training activities fit the individual qualities and this prepares them for real-life employment.

- **Connecting Abilities Developing Skills (CADS)**
  Community habilitation offers vocational opportunities to those who need help locating jobs and achieving lasting friendships with non-challenged individuals in their communities.

- **Senior Connections**
  The program assists individuals over the age of 60, and those with dementia or developmental disabilities, to enhance their socialization and independent living skills. Community outings, and age-appropriate activities are offered. Skill development or skills maintenance are available in specific areas.

- **Connecting Career Solutions (CSS)**
  CSS offers recovery-based employment assistance, including job development, placement, job coaching, follow-up monitoring and evaluation services. Participants prepare for real-life employment with assistance through the Office of Vocational Rehabilitation and Psychiatric Rehabilitation service.

Community Living Arrangements (CLA)
412-664-1735
801 Shaw Ave. Apartment 7, McKeesport, PA 15132
MYCS provides the following services for intellectually disabled individuals, including dual-diagnosed (MH/IDD) and aging populations depending on the needs of the individual:

- 24 hour supervision
- Semi-Independent Living
- Lifesharing through Family Living

CLA apartments and houses are available for individuals requiring varying degrees of support, from less than 30 hours a week, to 24-hour awake supervision in the home. Family members are an active part of the CLA program and help assure safe living conditions for loved ones.

Developmentally disabled individuals face challenges and obstacles with determination. Many live with 1, 2 or 3 other housemates. On most days, individuals look forward to work or a day program they are scheduled to attend. Individuals are in charge of planning and cooking their own meals, cleaning their living space, going to the doctor, shopping, attending sporting events and maintaining their home. Intellectually/Developmentally Disabled individuals receive assistance in all areas from counselors, parents, friends, family and many others we consider part of the MYCS staff.

If you have any questions or concerns about any MYCS service, please call us at 412-675-MYCS (6927).
